

# Cash Register-D10

## Robust Windows Performance

Powered by the Intel J6412 Quad-Core processor (Turbo 2.6GHz) and running Windows 10, it provides powerful computing capability to handle complex desktop-level POS software and multitasking.

## Flexible Dual-Display Capability

The device features a spacious 15.6-inch capacitive main touchscreen and supports an optional 14-inch or 13.3-inch second screen, which is ideal for displaying promotions and transaction details to customers.

## High-Speed Connectivity

It is equipped with a Gigabit Ethernet port and four USB 3.0 ports (in addition to two USB 2.0 ports), ensuring ultra-fast network speeds and rapid data transfer for connected peripherals like cameras or scanners.

## All-in-one desktop POS for diverse applications.

Built for Ordering / Restaurant, Food takeout, Soft Pos, Top-up, Retail and Lottery.
