

Smart POS-Q7

Beyond Performance

Q7 is equipped with various memory configurations and demonstrates enhanced operating speed. The built-in 3420 mAh replaceable battery ensures a smooth and long-lasting usage experience.

Ticket and Label Printing

Double-sided printing function, suitable for bill and label printing.

Additionally, a new movable and fixed device has been designed to optimize the installation of the paper roll and make it more stable.

2D Scan Engine

Upgraded to a professional 2D scan engine, to read 1D/2D barcodes even if scratched, folded or stained.

Handheld smart POS for diverse applications.

Built for Ordering / Restaurant, Food Delivery, Soft Pos, Top-up, Retail and Parking
