

T4 Pro Commercial Tablet

One PAD for diverse applications.

High Performance

Powered by a high-performance 64-bit octa-core 2.0GHz processor and Android 13 With up to 6GB+128GB of secure storage, it delivers a fast, fluid, and energy-efficient experience.

FHD Full-Screen & Precise Touch

1920*1200 high-definition resolution with multi-touch support. Designed for eye comfort, this display delivers sharp details and authentic color reproduction for a superior viewing experience.

Seamless POGO PIN Technology

Say goodbye to fragile Type-C cables. Our industrial-grade POGO PIN magnetic connection allows staff to snap the tablet onto the base. It instantly initiates charging and data transfer.

T4 Pro Flexi-Station: The Hybrid POS Solution

Flexi-Station combines the mobility of a handheld tablet with the robust connectivity of a traditional desktop register.

Designed for dynamic retail and catering environments, it offers seamless transitions between tableside service and countertop checkout.

Multi-Function Base

Multiple ports integrated for functionality expansion.
